PREFACE

The Right of Children to Free and Compulsory Education Act. (RCFECE Act.) provides free and compulsory education to all children of 6-14 years age group. The Act mandates that no child shall be held back, expelled or required to face a board examination until the completion of elementary education. There is also a provision for special training of school drop-outs to bring them up at par with students of the same age. The RTE Act requires survey that will monitor neighborhoods, identify children requiring education and set up facilities for providing free & compulsory education.

Management Information System (MIS) consolidates School wise data related to School Infrastructure, Teachers & Children through Unified District Information System for Education (UDISE) implemented by Govt. of India & NUEPA every year, based on which the Annual Work Plan & Budget of SSA & RMSA takes place. All educational indicators like GER, NER, PTR, Dropout Rate, Repetition Rate, Promotion Rate etc. being calculated for the State and Districts from UDISE data and gives a comparative progress of the State & Districts year by year. UDISE also helps in providing need based Infrastructure support to the Govt. Schools. Govt. of India also uses UDISE data to compare the educational status of different States.

"Status of Elementary & Secondary Education in Odisha :2015-16" is the outcome of the vigorous activities performed to collect information from each school throughout the State, compile, analyse and represent the present status of education in the state in comparison to previous years. I believe that it will help to the Administrators, Educationists & Researchers to further use and analyse the acquired information for strengthening the Education System in the State.

We acknowledge the efforts of all District Education Officers (DEOs), District Project Coordinators (DPCs), Block Education Officers (BEOs), ABEO-cum-BRCCs, Cluster Resource Center Coordinators (CRCCs), State/District/Block level MIS staff, all Head Masters & Teachers and SMC members for their cooperation and dedication to make the UDISE a success in the State. At last we acknowledge Prof. Arun C.Mehta, Head EMIS, NUEPA & Mr. Naveen Bhatia, Systems Analyst, NUEPA & Ms. Alaka Mishra, Chief Consultant (MIS), TSG, MHRD, Govt. of India for their guidance & valuable technical support in computerising and finalising the UDISE database.

Mahendra Kumar Mallik
