PREFACE

The Right of Children to Free and Compulsory Education Act. (RCFECE Act.) mandates to provide free and compulsory education to all children of 6-14 years age group. In order to achieve the objectives, it is required to collect, update, compile and analyse the basic data of Children, School, Infrastructure and Teachers of the entire State. Management Information System (MIS) consolidates these data through Unified District Information System for Education (UDISE) every year. Based on the outcomes of UDISE data the Annual Work Plan & Budget of SSA & RMSA is prepared. All the educational indicators like GER, NER, PTR, Dropout Rate, Repetition Rate and Promotion Rate etc. are being calculated for the State and Districts from UDISE data and gives a comparative progress of the State & Districts year by year. UDISE also helps in providing need based Infrastructure support to the Govt. Schools. Govt. of India also uses UDISE data to compare the educational status of different States.

"Status of Elementary & Secondary Education in Odisha : 2016-17" is the outcomes of the vigorous activities performed to collect information from each school throughout the State, compile, analyse and represent the present status of education in the state in comparison to previous years. I believe that it will help to the Administrators, Educationists & Researchers to further use and analyse the acquired information for strengthening the Education System in the State.

We acknowledge the efforts of all District Education Officers (DEOs), District Project Coordinators (DPCs), Block Education Officers (BEOs), ABEO-cum-BRCCs, Cluster Resource Center Coordinators (CRCCs), State/District/Block level MIS staff, all Head Masters & Teachers and SMC members for their cooperation and dedication to make the UDISE a success in the State. At last I acknowledge Prof. & Head EMIS, NUEPA & Chief Consultant (MIS), TSG, MHRD, Govt. of India for their guidance & valuable technical support in finalising the UDISE database for 2016-17.

Mahendra Kumar Mallik
